

Cockpit Lite

Cat. No. CPL

[Click here for specifications on this luminaire](#)

[Return to main index](#)

The Cockpit Lite, designed for marine applications, is used with a 5 watt bi-pin lamp or LED Array and has a frosted glass lens to create a glow in the cockpit at night. The PVC mounting canister is fully enclosed with a cable gland which clamps the cable to maintain IP66 rating. If the cockpit fills with water the canister will not compromise the cockpits waterproof integrity.

Ordering Information

Luminaire Type

CPL - Cockpit Lite

Material

SS - 316 Stainless Steel

Accessories

CJK150 - Cable Joint Kit
ECL - Clear Lens
LED - LED Array
