

Walkway Lite

Cat. No. WW

Cat. No. WW/R

The Walkway Lite is specifically designed to illuminate walkways without any glare being transmitted to the eyes. The luminaire has a frosted glass lens to further reduce glare.

The Retro™, which is a mains option, avoids the need to bury a transformer. The 110/240-12 volt electronic transformer is built into the pole and is a double insulated safety isolating transformer. The transformer has an IP56 rating.

Ordering Information

Luminaire Type

WW - Walkway Lite

Material

Copper only

Accessories

CJK150 - Cable Joint Kit
 SSP/G - Hunza® Super Spike (not Retro™)
 /R - Retro™ Transformer 110/240-12 volt
